*For families with kids ages 4-6. Unit 2: Step It Out! Join us for some problem-solving fun with the Work It Out Wombats!™ and learn computational thinking (CT) skills. Work It Out Wombats! is a national PBS KIDS® series that features three energetic marsupial siblings who solve problems in creative ways using computational thinking. Come learn more about CT, a creative way of thinking that helps children solve problems in more organized ways using a set of skills from computer science. Over the three week program, we'll do fun hands-on activities, watch Wombats! videos, and listen to CT stories. In between the sessions, families will continue the learning at home, using the Work It Out Wombats! Family App, which is designed for adults and children to use together. Each week will build on the last so please plan on attending all three weeks.*
